Forecast for Sunday 07 Aug 2022

Weather: Dry with some clearer spells overnight and early morning, but it will be a rather cloudy period. Dull at times and some patchy light rain or drizzle is possible. Some brighter spells early and late in the day. The best of any brightness expected over the Southeastern Fells with the lowest and most extensive cloud expected over the Western and Northwestern Fells.

Chance of cloud-free hill tops above 800m: 70% lowering 40% for much of daylight hours.

Low cloud and visibility: Patchy cloud near or above the summits overnight and early morning, otherwise extensive cloud, base 600 to 900m. Visibility generally good or very good lower down, but poor or very poor in cloud.
